

Model		BAS16-A	BA16-C
Operating Time	Rear cleansing	1 Minute Max, 0.6 LPM (0.16 GPM) Self-cleaning nozzle	
	Front cleansing		
	Warm Air Drying	2 Minutes	
Control	Move	0	
	Nozzle Position	5 Levels	
	Water pressure	3 Levels	
	Water Temperature	4 Levels (Off : Room temperature, L : 32°C, M : 35°C, H : 38°C)	
	Air Dryer Temperature	3 Levels (L : 32°C, M : 35°C, H : 38°C)	
	Heated Seat	4 Levels (Off : Room temperature, L : 31°C, M : 34°C, H : 37°C)	
Sterilization Bowl		0	X
Air Pump		0	X
Nozzle Cleaning		0	
Filters		MF Filter	
Power Consumption		1,050 W (Max)	
Operating Noise		37 ~ 48 dB	
Net Weight		5.3 kg (11.7 lb)	
Dimensions (W X D X H)		 494 X 534 X 150 mm (19.4 X 21.0 X 5.9 inch)	

About COWAY

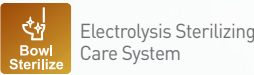

Made with Coway's exceptional core technology, our highly competitive products are popular in more than 80 countries around the world. As the world's largest specialist in water filtration appliances and leading edge household well-being electronics, we have developed a product line that meets the diversified needs of global consumers through relentless research in environment-friendly products across a broad range of categories.

Increasingly recognized as a world leader in innovative household health / lifestyle technology, Coway's awards and special recognitions continue to accumulate.

# Microbe-Free Sterilize Your Washroom Comfort

Advanced Sterilization Bidet - BAS16

coway

**BAS16-A/C**  
STERILIZATION  
BOWL BIDET

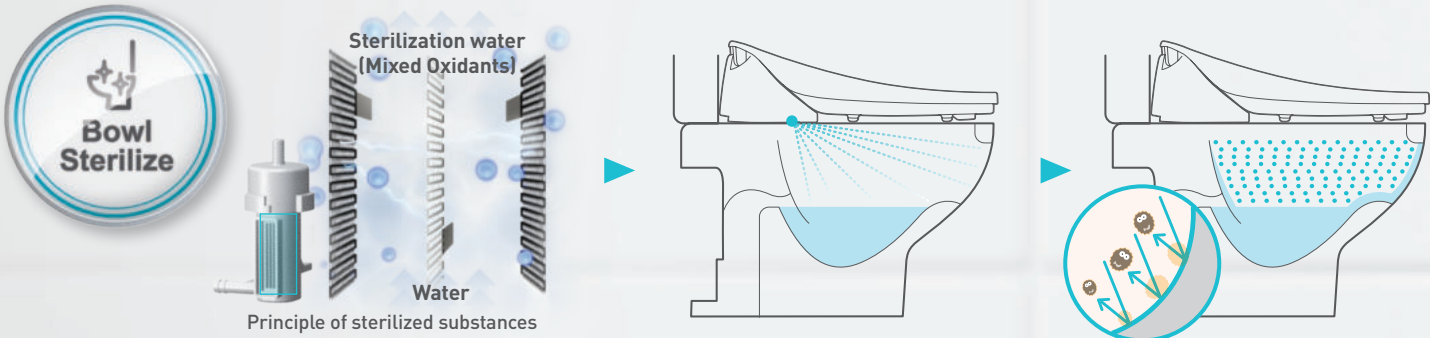

coway

# ENJOY IMPROVED HEALTH, COMFORT, AND IMPECCABLE CLEANLINESS

These microbes breed in the toilet bowl and contaminate the air after flushing. To prevent this, the BAS-16 bidet sterilizes microbes to provide a hygienic and clean washroom environment.

## ELECTROLYSIS STERILIZING CARE SYSTEM \*For BAS16-A only

Chemical-free & Eco-Friendly technology sterilizes your toilet from microbes such as E. Coli, Faecalis and other microorganisms with oxidants that do not harm the environment.

The sterilizing water is generated by a simple push of the bowl sterilize button.

**\* WHAT IS COWAY STERILIZATION IONIZER (CSI)?**  
Coway introduces an ionized-water (Mixed Oxidants) sterilization technology to sterilize the toilet bowl without any chemicals.

The sterilizing water comes out from the nozzles and is sprayed into the bowl.

The entire toilet bowl is sterilized for 15 seconds.

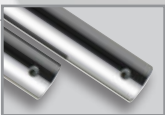

Eliminates over 99.9% of microbes such as E. Coli, Faecalis.

## SUPERIOR HYGIENE SYSTEMS Stainless Steel Twin nozzles and an anti-bacteria seat ensure daily cleanness.

**Nozzle Door**  
The newly applied nozzle door protects the nozzle part that is the most frequently exposed to contaminants.

**Stainless steel twin nozzle**  
The hardened stainless steel prevents bacterial contamination and foreign matters from building up.

**Anti-bacteria Seat**  
Anti-bacteria seats restrict bacteria propagation to provide consistent neatness and personal comfort.

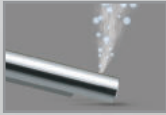

**Detachable Nozzle Duct**  
The removable nozzle duct can easily be replaced and cleaned in a single touch.

**Self-cleaning nozzle**  
The automatic cleaning function ensures its cleanliness during the bidet.

## ELECTRONIC BIDET SYSTEMS Adaptable functions, ease of attachment and detachment

**Air\* water stream**  
An air pump injects bubbles into the water stream for a softer, gentler feel.

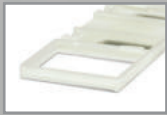

**Heated seat**  
The temperature control device maintains comfort.

**Dry control**  
After the cleansing is complete, the temperature-adjustable dry air guarantees a refreshing finish.

**Easy detachment**  
With just one touch a user can remove and replace the bidet for easy cleaning.

**Universal Bracket**  
Universal hinges attach the bidet during installation and include a one-touch hinge for convenient installation and separation.
